### Karrik Regular 14/17 pts

Karrik is rooted in vernacular typography. The weight adjustments, the lack of optical corrections, the uneven width of the letters are some of the features of early sans serif typefaces that inspired us in this boundless “reinterpretation.” We kept these features noticeable at display font sizes — but with the constraint that the typeface remains legible at body copy size. A set of random, chaotic uppercase letters—accessible with the stylistic set “SS01”—has been added as tribute to the roots of Karrik; uneven garage letterings, nameless fonts of obscure and
